**RE: Opposition to House Bill 532**

Dear Representative [Last Name] and Members of the Committee,

My name is **[Your Name]**, and I am writing to respectfully express my opposition to **House Bill 532**.

As someone who closely follows issues related to justice and fairness within Louisiana's legal system, I am concerned that this legislation may create unintended consequences that could undermine efforts to address longstanding inequities within the state's criminal justice framework.

Louisiana has taken important steps in recent years to confront historical policies that have eroded public trust in the justice system. Many families and communities across the state continue to work toward ensuring that the law reflects both fairness and accountability. Legislation moving forward should build upon that progress rather than risk reversing or weakening it.

HB 532 raises concerns regarding how its provisions may affect individuals and families already navigating complex legal challenges. Policies affecting criminal justice must be approached with great care, particularly when they may impact individuals serving lengthy sentences or limit pathways toward meaningful review and reform.

For many families, these issues are not theoretical—they represent years, and sometimes decades, of separation from loved ones. The decisions made by this legislature directly shape the lives of real people and entire communities.

For these reasons, I respectfully urge you to **vote NO on House Bill 532** and to continue supporting legislation that strengthens fairness, transparency, and confidence in Louisiana's justice system.

Thank you for your time and consideration.

Respectfully,

**[Your Name]**
