

Subject: Concerns Regarding House Bill 532

Dear Representative [Last Name],

My name is [Your Name], and I am writing as a family member and community member who has been following the discussion surrounding Louisiana's former non-unanimous jury system.

I appreciate the legislature's efforts to address this issue and recognize the importance of thoughtful conversations about justice and fairness. However, I would like to respectfully express my concerns regarding House Bill 532.

While I understand that the bill proposes allowing voters to decide this issue through a constitutional amendment, some families believe that matters involving complex legal questions and criminal convictions may be better addressed through careful legislative review and the court system rather than through a statewide ballot measure.

Many families worry that placing this issue on a ballot could oversimplify a very complicated legal matter and may not fully account for the individual circumstances of each case.

For these reasons, I respectfully ask that lawmakers carefully consider whether a constitutional amendment is the most appropriate path for addressing the legacy of non-unanimous jury convictions.

Thank you for your time, consideration, and continued service to the people of Louisiana.

Respectfully,

[Your Name]
